## Ebook Details:

*Review: I was referred to this book by a friend of mine who knew I liked the books of Malcolm Gladwell. I first read it near about when it came out, around 2002, and just got around to re-reading it. I had only remembered two of the stories from the book, so it was very similar to reading it again for the first time. The theme of this book is reflected in its...*

*Description: A brilliant and courageous doctor reveals, in gripping accounts of true cases, the power and limits of modern medicine. Sometimes in medicine the only way to know what is truly going on in a patient is to operate, to look inside with ones own eyes. This book is exploratory surgery on medicine itself, laying bare a science not in its idealized form but...*
